

QUALITY AND FOOD SAFETY POLICY

Quimicos Essiod S.A. is a company dedicated to the development, production, marketing and dispatch of polyaminocarboxylic chelating agents and their salts for various uses and nutrients for agricultural use.

Our policy is to be the Argentine Company with the largest presence in the global market for the products we manufacture.

For this, the Management of QUÍMICOS ESSIOD S.A. undertakes the following postulates:

- Provide our customers with products according to the highest quality and food safety standards, avoiding the appearance of risks of any kind in them.
- Comply with the requirements agreed with the clients, as well as all those of a legal and regulatory nature associated with the item.
- Continuously improve the quality of our products and services by periodically reviewing the Food Quality and Safety Management System.
- Satisfy the training needs of our staff regarding issues related to the Management Systems implemented.
- Maintain communication channels, both internal and external, that allow responding to information demands related to the implemented management systems.
- Provide training and resources to our collaborators to prevent damage and deterioration of health.
- Provide an adequate infrastructure for production, sale and collection, which enables the company's purposes to be achieved.

All these principles are based on the values that guide Químicos Essiod S.A.: honesty, responsibility, trust, respect and commitment. The Management adopts the establishment and review of Food Quality and Safety Objectives, taking said Policy as a reference. Likewise, it considers that the Policy is appropriate to the purpose and context of the organization and is responsible for its dissemination, understanding and compliance.
